

# OPEN RACK OPEN FRAME SYSTEM

## OPEN RACK OPEN FRAME SYSTEM GENERAL FEATURES

### FIELD OF USE

Open Rack Open Frame Systems are for network and server applications in clean and dust-free environments **not requiring a closed** cabinet system.

### ECONOMIC SOLUTION

It is preferred as being more economic and easier to be installed compared to the closed cabinet systems

### DEMOUNTED DISPATCH

Demounted wrapped dispatch provides a **low cost, economic advantage**.

### 19" STRUCTURE

Are all adaptable for 19" devices, accessories and equipments.

### GROUND CONTACT

They are adaptable for all types of ground configurations with its pinion feet and casters and by being able to be fixed on the ground.

Besides being able to be fixed on the ground, standard models may optionally be used with pinion feet and caster group.

### EASY ACCESS

One can have easy access thanks to the open surface structure.
